

**Barnegat Township & Township of Ocean
Recreation Departments
Present Mad Science
2015 Summer Camps**

Exciting activities and spectacular demonstrations to capture the children's attention!

In each session, the children receive a **take home experiment & project sheet** to reinforce the topic.

Our instructors are **energetic, enthusiastic, and experienced!**

Barnegat Recreation Summer Camp
Held at the Barnegat Community Center

Space: Infinity & Beyond

Week of August 17th
(9:30 AM – 12:30 PM)

If your child is astro "nuts," he or she will absolutely love this camp! Children involved in this program will develop an interest for outer space or can expand a previous passion for our sensational solar system. Using the Scientific Method, campers will investigate the mechanics of unique flying machines, such as balloon-copters, boomerangs, and mini hovercrafts. Children will be transported to the past as they delve into how early "pilots" navigated throughout space as they create their own sextant and sundial. Building upon previous experiments and knowledge learned throughout the week, campers will use what they've learned to construct an Estes™ Skywinder rocket and have the option of participating in a live launch demonstration.

Cost is \$129 per camp
All programs for grades 1st - 5th
